Art. 16 DGA:

"In order to qualify for registration in a national register of recognised data altruism organisations, an entity shall:

[...]

(a) be a legal person established pursuant to national law to meet objectives of general interest, in line with national law, where applicable;

[...]"

Art. 17 (4) DGA:

"Applications for registration shall contain the following information:

[...]

(f) a public website where up-to-date information on the entity **and the activities** can be found, including as a minimum the information as referred to in points letters (a), (b), (d), (e) and (h);

[...]

(h) the **objectives of general interest** it intends to promote when collecting data;

[...]

(i) any other documents which demonstrate that the requirements of Article 16 are met."

Art. 18 (2) DGA:

"Any entity entered in a public national register of recognised data altruism organisations shall draw up and transmit to the relevant competent national authority for the registration of data altruism

organisations an annual activity report which shall contain at least the following:

[...]

(b) a description of the way in which the general interest purposes for which data was collected have been promoted during the given financial year;

[...]"

Art. 19 (2) DGA:

"The entity shall not use the data for other objectives than those of general interest for which the data subject or data holder permits the processing. The entity shall not use misleading marketing practices to solicit provision of data."
