Art. 16 DGA:

"In order to qualify for registration in a national register of recognised data altruism organisations, an entity shall:

[...]

(c) perform the activities related to data altruism through a structure that is functionally separate from its other activities;

[...]"

Art. 17 (4) DGA:

"Applications for registration shall contain the following information:

[...]

(i) any other documents which demonstrate that the requirements of Article 16 are met."
