Art. 11 (4a) DGA:

"Data intermediation services may include offering additional specific tools and services to data holders or data subjects for the specific purpose of facilitating the exchange of data, such as temporary **storage, curation, conversion, anonymisation, pseudonymisation**; those tools and services shall be used only at the explicit request or approval of the data holder or data subject and third-party tools offered in that context shall not use data for other purposes."
