Member States may regulate certain conditions of joint controllers and processors. This follows from 4 opening clauses:

Art. 26 I 2: *Determination of respective responsibilities of joint controllers*

Art. 28 III a: *Processor's requirements to process data (irrespective of constructions from the controller)*

Art. 28 III g: *Processor's requirements to store data (irrespective of t*he end of the provision of services)

Art. 29: *Processing under the authority of the controller or processor*
